

Florida Healthy Kids Program (Effective 2005)

The Florida Legislature has again made significant changes to the Florida Healthy Kids Program for 2005. Highlights of these changes are:

- Effective January 1, 2005, the annual dental benefit maximum will increase from \$600 per child per year to \$800 per child per year.
- For dates of service between 7/1/04 and through 12/31/04, the current \$600 annual maximum will apply regardless of payment date.
- For dates of service between 1/1/05 and through 6/30/05, the new \$800 annual maximum will apply (less claims paid to date for services rendered between 7/1/2004 and through 12/31/04) regardless of payment date.
- Florida Healthy Kids will offer its members a choice of three dental plans: CompBenefits, Atlantic Dental and MCNA. As of December 31, 2004, Delta Dental coverage will no longer be available.
- At this time, there are no other changes to the covered benefits on the Florida Healthy Kids Plan. There are no changes to the plan's exclusion and limitations.
- Members are directly responsible to your office for the reimbursement of any treatment in excess of the plan year maximum. By contract with the Florida Healthy Kids Corporation, we cannot reimburse for treatment in excess of the plan year maximum.
