INTRODUCING THE COMPBENEFITS DENTAL PLAN

Welcome to CompBenefits, a single service dental health maintenance organization. We are pleased that you have selected our coverage for your dental needs. In order to understand your benefits please read this Handbook and Evidence of Coverage ("Handbook") carefully.

We've prepared this Handbook to help you understand the basics of your dental plan, what to expect, and how to get the most out of your coverage once you've enrolled. This handbook will help you understand the administration of your plan as well as your Schedule of Benefits, or call Member Services at 1-877-531-3026. This is a toll free call, and you can contact us 8am - 6pm, EST.

ELIGIBILITY

Questions concerning eligibility in the Healthy Kids plan, premiums paid or due, enrollment information or account disputes should be directed to Healthy Kids at 1-800-821-5437.

HOW THE PLAN WORKS

Your dental plan is designed to help you and your family get the dental care you need by offering preventive care and restorative dental treatments. Your plan covers cleanings, fluoride, exams, oral hygiene instruction, and x-rays every six months. The plan covers, as necessary, space maintainers, tooth extraction, root canals, treatment for gum disease, fillings and crowns. The complete list of covered dental care services are listed in the Schedule of Benefits. Procedures not listed on the Schedule of Benefits that are performed by your selected participating dentist may be charged at that provider's usual and customary fee. You can ask your participating dentist for a benefit determination and cost estimate before you receive any dental treatment. To find out what is covered, refer to your Schedule of Benefits.

This Handbook contains a description of covered services and benefits as well as copayments, limitations and exclusions. There is a helpful glossary located in the appendix of this handbook that gives definitions of words found in this Handbook that may be unfamiliar related to dental services, administration and benefits offered by the plan.

ANNUAL BENEFIT MAXIMUM

The total amount of dental benefits that will be covered by CompBenefits during the benefit year (July 1st through June 30th) will not exceed \$1,000 per member. The cost of any services received by the member above the \$1,000 annual benefit maximum will be the member's responsibility.

If you are uncertain how much of your Annual Benefit Maximum has been used or how much is remaining, please contact our Member Services Department at 1-877-531-3026.

EXPLANATION OF BENEFITS

Following treatment, you will receive a written itemization detailing the services you received and the amount paid on your behalf. Each member should keep track of their claims paid to make sure they do not exceed their annual benefit maximum. If you are uncertain how much of your annual benefit maximum has been used or how much is remaining, please contact our Member Services department at 1-877-531-3026.

SELECTING YOUR GENERAL DENTIST

You may select your dentist from a list of providers participating in the CompBenefits network. You do not need to contact CompBenefits to inform us of your selection. A directory of all the participating dentists will be provided for you at the time of enrollment. The directory is sorted by county, and lists all the dentists in the facility, the address, telephone number, and languages spoken. Provider directories are updated quarterly and copies can be requested from Member Services. If you need assistance finding a participating general dentist, contact Member Services.

The Dentist/Patient Relationship

The relationship between you and your dentist is one of mutual respect and trust. It is very important that you feel comfortable with the dentist you select. On rare occasions it may be necessary to change your dentist. A change may be necessary in the following situations:

- if your selected dentist decides not to participate in the CompBenefits network
- if the dentist is unable to effectively provide the care you need
- if efforts to establish a satisfactory relationship between you and the dentist have failed, or
- if you refuse treatment from the dentist that he or she feels is necessary
- if a change is needed, you will be asked to select another dentist from the directory.
- If you have a chronic dental condition, you may use a participating specialty dentist as your primary care dentist. Consult your Schedule of Benefits to know what services may be provided by a specialty dentist.

Not all participating dentists provide all of the covered services listed on your Schedule of Benefits. Refer to your Member Rights and Responsibilities for more detail.

GETTING STARTED

Identification Card

You will be issued an identification card upon enrollment in your plan. The card identifies you as a CompBenefits member. If your card is lost or stolen, call Member Services to get a new card mailed to you.

Making An Appointment

When you need dental care, simply call your participating general dentist's office to make an appointment. When you call, make sure you have your ID card handy, in case you are asked questions regarding your dental plan.

Orthodontics

Orthodontics (Braces) are a covered benefit under the Healthy Kids program only when medically necessary. Please reference the Schedule of Benefits for a complete listing of the required medical conditions to qualify for orthodontic coverage. In order to qualify for this coverage, your general dentist must refer the case to CompBenefits for initial review. If an Orthodontist consultation is approved, you will be referred to a Participating Orthodontist. The Orthodontist will render a consultation, and submit his findings along with records and models to the CompBenefits Orthodontic Consultant for final approval. Orthodontic coverage, along with all other coverage, is subject to the \$1,000 annual maximum benefit limitation each benefit year. The cost of any procedure, including orthodontics, received in a benefit year above the \$1,000 annual maximum benefit will be the member's responsibility.

Members who do not qualify for the Healthy Kids orthodontic benefit can receive a 25% discount from participating orthodontist's usual fees by identifying themselves as a Healthy Kids member and showing their Healthy Kids ID card to a participating orthodontist. The discounted benefit will not count against your \$1,000 annual benefit maximum.

Plan Ahead For Preventive Care

If you are a new patient to the dentist you have selected, please contact the office to discuss the necessary procedures for transferring your records from a previous office. Your dentist may want to see you

for an initial examination or consultation. You may be rescheduled to begin preventive care or other needed treatment. Two visits allow the dentist to do a thorough assessment and develop a plan of care for you before any treatment is started. This also helps the dentist to stay on time with appointments, in turn keeping you from having a long wait in the office.

Specialty Care

You may be referred by your participating general dentist to a participating specialty dentist (i.e. endodontist, orthodontist, oral surgeon, periodontist, prosthodontist, or pediatric dentist).

Second Opinions

Both you and your dentist decide on your course of treatment. If you are not satisfied with your participating general dentist's treatment plan, we encourage you to solicit a second opinion from another participating dentist.

EMERGENCY CARE

The CompBenefits plan covers dental emergencies 24 hours a day, seven days a week, no matter where you are. If you have a dental emergency, you are covered for palliative (emergency) treatment. Palliative treatment involves only those things necessary to control unexpected pain or more than usual bleeding, prevent complications related to an infection, or prevent the loss of a tooth from a traumatic injury. Emergency care is intended to relieve pain caused by these conditions until your primary dentist can see you. Your emergency care benefit does not include procedures that may be required but are not necessary for the relief of pain. For example, root canals and crowns may be necessary treatments but are not covered under emergency care benefits. If you have an emergency that involves extensive accidental or traumatic injury to your teeth or mouth, or that affects your ability to swallow, you should contact your medical physician.

What Is Considered An Emergency Dental Service?

Emergency dental services are limited to procedures done in a dentist's office or clinic to evaluate and stabilize dental conditions such as excessive bleeding, severe pain, or infection. Specific examples include a toothache that causes you severe pain, a loose tooth that is bleeding severely or an infection in your mouth that causes you pain.

What To Do In An Emergency

In-Service-Area Emergency Care

If you are within 75 miles of your participating dentist, during normal business hours, contact your dentist and request an emergency appointment. If your emergency is after normal business hours, you should still try to contact your selected dentist. The dentist's office should have a message machine or an answering service with instructions on how the dentist can be reached after hours in the event of an emergency. Follow the instructions and provide information on how the dentist can contact you. If your dentist is not available, or if you cannot get to your dentist in time, you may see any participating dentist.

If you are unable to find another participating dentist, please contact Member Services at 1-877-531-3026. A Member Services Representative will assist you in obtaining care from another dentist. If you cannot reach any CompBenefits participating dentist after hours, you may obtain emergency treatment from any licensed dentist. After you have seen a licensed dentist, contact Member Services and they will explain how to fill out a claim for the treatment that you were given.

Out-of-Area Emergency Care

If you are more than 75 miles from the nearest available participating dentist, you can receive care from any licensed dentist. You will be reimbursed for the cost of the emergency care. In order to be reimbursed for the services, you must have an itemized statement and receipt showing the services paid in full from the treating dentist. We must be notified of such treatment within ninety (90) days of its receipt, or as soon as reasonably possible.

IF YOU HAVE A COMPLAINT

CompBenefits is committed to offering outstanding service to its members. To this end, CompBenefits has established a system to respond to complaints related to all aspects of care and services provided by the organization. If you have a concern about your dental care or coverage, the way we manage it, or a decision we have made, we want to know. Our goal is to acknowledge and resolve complaints in a timely manner, in accordance with internal policy and regulatory requirements. We monitor complaints and use this feedback from members to improve our performance.

Definitions

Complaint - a verbal or written expression of dissatisfaction with the plan, regarding any process. A complaint is not a misunderstanding or misinformation that is resolved promptly by supplying the appropriate information or clearing up the misunderstanding to the satisfaction of the member.

Appeal process - the formal process by which the plan offers the subscriber a mechanism to request a secondary review of a complaint resolution.

Complaints

Our Member Services Department is available by phone Monday through Friday, 8:00 AM to 6:00 PM Eastern Standard Time to assist members in addressing any dissatisfaction with their dental plan benefits and/or participating dental office. Plan Sponsors: We may disclose health information about you to your plan sponsor to carry out plan administration functions that the plan sponsor performs upon certification by the plan sponsor that the plan documents have been amended as set forth under HIPAA regulations.

Your Rights Regarding Your Health Information

The following describes your rights regarding the health information we maintain about you. To exercise your rights, you must submit your request in writing to our Privacy Officer at 100 Mansell Court E., Suite 400, Roswell, GA 30076.

Right to Request Restrictions. You have the right to request that we restrict uses or disclosures of your health information to carry out treatment, payment, health care operations, or communications with family or friends. We are not required to agree to a restriction.

Right to Receive Confidential Communications. You have the right to request that we send communica-

tions that contain your health information by alternative means or to alternative locations. We must accommodate your request if it is reasonable and you clearly state that the disclosure of all or part of that information could endanger you.

Right to Inspect and Copy. You have the right to inspect and copy health information that we maintain about you in a designated record set. A "designated record set" is a group of records that we maintain such as enrollment, payment, and claims adjudication record systems. If copies are requested or you agree to a summary or explanation of such information, we may charge a reasonable, cost-based fee for the costs of copying, including labor and supply cost of copying; postage; and preparation cost of an explanation or summary, if such is requested. We may deny your request to inspect and copy in certain circumstances as defined by law. If you are denied access to your health information, you may request that the denial be reviewed.

Right to Amend. You have the right to have us amend your health information for as long as we maintain such information. Your written request must include the reason or reasons that support your request. We may deny your request for an amendment if we determine that the record that is the subject of the request was not created by us, is not available for inspection as specified by law, or is accurate and complete.

Right to Receive an Accounting of Disclosures. You have the right to receive an accounting of disclosures of your health information made by us in the six years prior to the date the accounting is requested (or shorter period as requested). This does not include disclosures made to carry out treatment, payment and health care operations; disclosures made to you; communications with family and friends; for national security or intelligence purposes; to correctional institutions or law enforcement officials; or disclosures made prior to the HIPAA compliance date of April 14, 2003. Your first request for accounting in any 12-month period shall be provided without charge. A reasonable, cost-based fee shall be imposed for each subsequent request for accounting within the same 12-month period.

Right to Obtain a Paper Copy. You have the right to obtain a paper copy of this Notice of Privacy Practices at any time.
