

# frequently asked questions

## **Q. How do the plans work?**

- A.** Under CompBenefits' Elite Choice plans, you do not have to pre-select a primary dentist. When you want dental services, simply make your appointment with any licensed dentist. Once services are performed, you or your dentist will file a claim form to receive reimbursement. Your claim will be paid based on your group's Schedule of Benefits. Your plan will pay a percentage of the reimbursement amount, up to the plan's annual limit for benefits.

## **Q. How much of the dental charges does my plan cover?**

- A.** Payment schedules vary from plan to plan. Please check your Schedule of Benefits for more details.

## **Q. What is predetermination?**

- A.** Predetermination is a request that may require the provider to submit a treatment plan to the third-party payer before treatment is begun.

## **Q. When is predetermination required?**

- A.** If planned treatment is going to cost you more than \$200, you should ask the dentist to file for predetermination of benefits prior to rendering services. Predetermination is not necessary for emergency treatment.

## **Q. How does my bill get paid?**

- A.** Each dentist bills separately. Your dentist may agree to file your insurance claim for you. If he or she does not, however, you may be required to pay the entire bill at time of service and will need to submit a claim form to CompBenefits for your reimbursement. All financial arrangements concerning payment are strictly between you and your dentist and should be determined prior to treatment.
